- The airport recently saw TUI announce their largest ever Summer schedule for 2019, starting from May the airline will fly to Sanford, Florida, along with five other new routes, *Pula (Croatia)*, *Hurghada (Egypt)*, *Kos, (Greece) Bodrum, (Turkey) and Enfhda (Tunisia)*

**5199. TO CONSIDER THE PROPOSAL FROM TANKS & VESSELS AND THE PLANNING APPLICATION 19/00548/FULM FROM ATTERO**

**RESOLVED** to note the following:

**5199.1** J Gibson proposed the following statement be sent to David Richards, Doncaster Council Planning Department. This was seconded by J Parkin:  
*Rossington Parish Council recognises the work done to date by Attero, Harworth Estates, Morris Metals and Doncaster Council in proposing a resolution to the issues on the Bankwood Lane Industrial Estate with reference to the above planning application.*  
*The new adoptable link road and private access road with new facilities will resolve many of the issues that have affected, and continue to affect, residents of West End Lane, Bankwood Lane and Bankwood Crescent.*  
*However, in light of the proposed redevelopment of the Tanks & Vessels Industries Limited (TVI) site, it is vitally important to ensure the link road design is capable of handling both the increased traffic to the Attero site as well as other existing and future users. The proposed redevelopment of the TVI site with a new access would eliminate the majority of the HGV traffic.*  
*The aim MUST be to eliminate where possible, ALL existing HGV traffic beyond the Rossington West roundabout through West End Lane to Bankwood Lane.*  
*Therefore, Rossington Parish Council is opposed to application **18/00548/FULM** without the provision of the full adoptable link road to serve ALL existing and future business developments in this area.*

**5199.2** Roy Sykes, Planning Manager (Development Team) emailed the Clerk on 10 July 2018 stating they had heard back from Attero's agent (Axis) following their enquiry re: progress on the outstanding matters. Attero advised that they are currently undertaking some detailed work regarding access and drainage and hope to have this completed and submitted in the next two to three weeks at most.

**5200. TO RECEIVE AN UPDATE ON THE MEMORIAL HALL FROM C WILEMAN AND TO CONSIDER FINANCIAL SUPPORT FOR NEW FLOORING FOR THE HALL**

On behalf of the Management Committee she approached the parish council for financial support to fund the new flooring of the Memorial Hall. Z Attridge-Chambers has sought 5 quotes with the best being from Balby Carpets who quoted £10,100. The Management Committee ratified that Karndean Flooring would be the most hard wearing and long lasting and came with a ten-year commercial guarantee.

**5159.1 Morris Metals**

The Clerk contacted Tom Morris for information on their Goods Vehicle Operator's Licence as featured in the Free Press. Joanne Mcanulty stated the company currently have a licence to operate 5 vehicles and 5 trailers at the Rossington site. The recent article in the Free Press relates to the new application for 20 vehicles and 20 trailers at J3. The article does refer to the vehicles

and trailers at Rossington as well and does not make it clear that these do not form part of the new application and are in fact already held.

In summary the new application is for the J3 site only.

**5159.2 Noisy Grid on Bankwood Lane**

Eric Jackson from Doncaster Council visited the area on two occasions. He found that apart from a slightly polished cover, the manhole was not rocking or rattling as described. The tarmac surround has a slight depression forming that may be causing the noise from the lorries. Eric has served a Section 81 to Severn Trent for them to take action to remedy the issue. It will then be inspected on a monthly basis due to being a low priority.

**RESOLVED** to note this item had been put on the agenda as concerned had been raised by Cllrs on a number of issues such as the lack of bins, the cutting of hedges and the tree overhanging the memorial and wondered if the Parish Council could offer any help or support.

The Church Wardens explained that at this time there are many issues which are not easy to address. The cemetery is a Closed Cemetery, so there will be no further burials. All trees and bushes have a preservation order on them so any planned work has to go through the Sheffield Diocese. They also have to go through the PCC who say what can/cannot be put in the cemetery for example artificial flowers and glass vases are not allowed. They are liaising with St Michael's School to see if the Youth Group Ignite can use some of their facilities as there have been some issues with children playing in the Churchyard. They are also liaising with Adrian Pickersgill at Doncaster Council to get the hedges maintained and discuss the issue of no bins They are trying to get status for the War Graves. The PCC is happy to address any work that needs doing so if there is anything that is upsetting anyone please let the Wardens know.
